

# Come hike with us!

*We are truly happy to introduce you to our own hiking getaways for the elderly people living in the UBN. It's not always easy to find a suitable holiday when you're older and have difficulties walking. But don't let this stop us from enjoying life.*

As we all know, Acia has some beautiful mountains and it would be a shame if they were not optimally admired. We in Acia thought it was time to let people from other cities in the UBN as well as our own inhabitants enjoy this beautiful piece of nature. That's why we recently started offering our own hiking trips to the older population. The trips are all-inclusive.

These trips are fully personalized. You don't have to worry about anything. If you have difficulties walking, the organization provides wheelchairs along with supervisors. A doctor will be with you throughout the journey just in case of health problems.

You will stay in one of the most beautiful hotels in the capital of Acia, Deuce. This hotel is fully equipped to suit your needs. After a day of hiking you can explore the city. If you want you can eat in one of the many restaurants in Deuce, but you can also stay in the hotel and enjoy the massive buffet.

You can book this trip online or in your local travel agency.

Hope to see you soon!

# Magic at Acia's Got Talent

*After the big contest Acia's Got Talent, we found our attendee for the biggest talent show of the world. Our magician is going to represent our country at UBN's Got Talent. It was a very exciting final, but we found our well-deserved winner.*

She's only 22 years old and already a famous magician. Daniëlle, from Deuce, has been practising her magical tricks since she was a kid. She learned her skills from her grandfather, who was also a great magician. Her grandfather, Magician Willy, gave many shows in one of Acia's first casinos. Magic is clearly in the genes of Daniëlle's family .

After having practised for years, she was willing to show her tricks to our country. She surprised the whole country with her cards. The whole crowd and the jury were stunned that night. The battle between a magician, a group of dancers and a fantastic singer was very exciting. The jury couldn't decide, luckily the crowd also had a vote. Eventually the crowd voted the group of dancers home, so in the finale it was Danielle the magician against Camille the fantastic singer.

In the finale only the crowd could vote. So, after the last performance of the magician against the singer, it was up to the crowd who would go to UBN's Got Talent. It was a nerve-racking final, but in the end the audience chose a winner. It was Daniëlle who eventually won the contest of Acia's Got Talent.

After the talent show, Daniëlle was relieved and very happy. She cried tears of happiness, and dedicated her victory to her grandfather. "I couldn't have done it without the help of my grandfather." said Daniëlle who is now practising some new magical tricks, so she can blow away the world in UBN's Got Talent. We wish her good luck!
